TAMPA, Mar 24, 2005 (BUSINESS WIRE) -- SkyMinder's choice of credit information has been enhanced once again thanks to the addition of seven further information providers now offering their Freshly Investigated content via www.skyminder.com.

International credit and business information provider SkyMinder, provides online reports on over 50 million companies worldwide, with the aim of offering clients with reports from locally-based sources assuring up-to-date information.

The new sources, covering the following areas, are:

-- SINOTRUST Business Information & Consulting Ltd - provides credit information on Chinese companies using sources including government statistics, business registry, bankers and courts

-- UC AB - offers credit & commercial reports on all 700,000 enterprises registered in Sweden

-- Coface EuroDB - covers 880,000 Belgian companies sourcing data from official sources such as the Annexes of the Belgian Gazette, VAT details, the National Bank of Belgium and the Belgian National Social Security Office

-- Coface Intercredit - offers reports on 4.8 million companies in Slovenia, Slovakia, Czech Republic, Hungary, Poland, Croatia, Romania and Bulgaria, including a credit rating, payment behavior analysis and a credit recommendation.

-- Cristal Credit - covers over 15 million companies based in North and South America, French speaking N. African countries as well as Caribbean islands

-- Coface MOPE - a database on more than 1,800,000 Portuguese companies compiles reports including commercial and financial information and a default probability evaluation

-- RIME Information Bureau Ltd - provides credit reports on companies based in Kuwait, Bahrain, Saudi Arabia, Iran, Iraq, Oman, Qatar, United Arab Emirates, Yemen, Kazakhstan, Yugoslavia, Macedonia, Algeria, Cyprus, Egypt, Morocco, Tunisia, Libya.

"Locally-based information providers are the focus of SkyMinder's content enhancement program," says Silvia Cappelli, SkyMinder's Manager. "Our customers have the choice of downloading Credit Reports directly from our online database

if the info is needed urgently or they can order Freshly Investigated Credit Reports from our local providers if they are looking for freshly compiled reports. We believe that this choice is important to satisfy all our customers' needs."
